In-House IT Department."**

24x7x365 Proactive Monitoring and Maintenance

Detect and stop IT issues before they affect your bottom line.

Our IT Services are built to cover all of your IT support needs, from your employee workstations to your servers, and even other devices on your network that are necessary for your organization's efficiency. By performing regular maintenance and monitoring your systems 24x7x365, we can drastically reduce the amount of downtime your staff experience.

Our team is always looking out for your business

and your goals, and can help you meet your IT needs as you expand. Our proactive maintenance can keep your IT investments running smoothly and our experienced support staff can assist your users with any technology-related issues.

The Benefits of Flat-Rate IT

Finally budget your IT expenses

Imagine being able to finally budget your technology. Imagine how much faster issues will get resolved if your entire staff can call for support without increasing your monthly IT expenses. With ITMS, you and your staff can rest assured that you can focus entirely on other business issues that need your attention, not your IT. In the long run, you save money with fewer issues, less downtime, and a no-surprises flat-rate that's designed to work for small businesses.

Supplement Your Current Internal IT

Benefit from IT Management Solutions' Flexibility

Already have an internal IT department or a technical guru on site that handles most of your day-to-day IT issues? We aren't out to replace them, but we can certainly supplement and assist your current internal IT staff providing our 24x7x365 monitoring, maintenance, and support. Your current IT staff will be able to take advantage of us as we strive to prevent downtime. If your current IT department is overloaded, IT Management Solutions is the perfect solution for lightening their workload to ensure the rest of your company continues to function without a hitch.
